# From Our Administrators...

Happy New Year! We hope you enjoyed a relaxing winter break with your family. The start of a new year brings the start of some fun student engagement opportunities among grade levels. This week our staff had Lunch Bunch/Show & Tell with First and Second Graders, made snowflakes with Kindergarten and Third Graders, held interesting "Would You Rather?" conversations with Fourth Graders, and participated in cosmic yoga with Fifth Graders! It was great to see our students and staff enjoy this time together. Be sure to check out the <u>WFES website calendar</u> for other upcoming grade level activities!!!

# Technology

### What happens if I/my child has a connectivity or other issue logging on to class?

We recognize there may be times the applications HCPSS is using for virtual learning may not work as anticipated. This may be due to the nationwide increase in demand on these services or an issue with your local internet provider. HCPSS teachers will be understanding and flexible if interruptions to technology services cause delays in assignment submissions and missed virtual learning sessions. Additionally, if there is a power outage or other situation out of the student's control that would prevent them from completing an assignment, the student or parent/guardian should contact the teacher as soon as possible to alert them to the issue and determine if the due date can be extended. <u>More information</u> is available online.
