Dear West Friendship Elementary Families,

We hope you and your students are doing well and that things are beginning to smooth out a little more each day. I know our staff are happy to see your children each day and truly appreciate the support of our families during our virtual teaching and learning.

Please remember that our school serves **FREE** breakfast from 8:00 to 9:00am and lunch 10:45am to 12:45pm daily. It has been great to see many students accessing breakfast and lunch at West Friendship. Feel free to stop by and pick-up a "Grab-n-Go" meal! There is no charge for the meals.

As we continue in this virtual model, we want to reiterate the importance of regular attendance. Having an established learning space within your home is a great benefit. If you need any help, please feel free to reach out to us. We are here to support!

Please Note: Although schools remain virtual through 1/28/21, it is important that we have up-to-date emergency contact information for each student, in the event that our staff need to communicate directly with our families. You can access the Family File by logging in to HCPSS Connect at www.hcpss.org/connect/. Parents who are new to the Howard County Public School System will receive a welcome email with instructions on how to activate an account. Once you have logged into the [HCPSS Connect](#), select the Family File tab on the left-hand side, and then select the blue underlined "Family File" towards the center of your screen. Once logged in, parents/guardians will be asked to provide, update, or confirm the following information:

Change of Address

A change of Address cannot be made through Family File. If you have recently moved, please contact your child's new school as soon as possible. As we are preparing for the upcoming 2020-2021 School Year, it is imperative that we have accurate addresses on file for all of our students. If you have moved, and have not provided us with your updated information, we ask that you email the following documents to Mrs. Green at Colleen.Green@hcpss.org

- A completed change of address form
- A copy of your new lease or deed
- A copy of a current utility bill with your new address

Learning at Home Tips

Below are some tips that you may find helpful or useful as you prepare your child for this year of learning. We recognize that all families are at a different place at this time in terms of school readiness, but for those of you who are curious as to ways you can support your child, we have compiled a beginning list for you.

- **Provide a designated learning space for your child.** This will help your child with understanding that school is important. If your child has their own area that is strictly for their schooling, they are less likely to be distracted and it will help your child get in the zone for learning. This can be a small table, a small TV tray, a corner table in a kitchen, etc. Please do whatever works best for you, however, we recommend that this area has a “permanent” spot in the house.
- **Within the designated space, have organized items that your child will be able to find, put away and use.** This will allow students to work in their area without needing to leave it to find needed materials.
- **School box** or bin for crayons, pencils, scissors, glue and markers
- **Headphones** are helpful to avoid distractions to others AND they will block out distractions from the house
- **Small whiteboard or thick paper in sheet protectors** and black expo markers. Often teachers will ask your child to hold up their work and paper can be hard to see in an online format.
