From the Principal's Desk

It was so nice to have a full week of school. This is the first full week since winter break! The good news is that the staff persevered and rearranged schedules as much as possible to support student learning. This was a great challenge and the staff handled it with patience and professionalism.

PARCC is off to a great start! There have been a few technology glitches here and there, but Mrs. Steger and her team were there to trouble shoot and keep things flowing. I'm proud of the students – they are trying their best! Thanks for your support at home as it really makes a difference.

Thank you PTA for funding our cultural arts assembly we had today! *Didgeridoo Down Under* is an Australia-themed education program that teaches students about the music and traditions of native Australians. Through music and acting, the performers also promote an anti-bullying message and stress the importance of treating others with respect. The students and staff had a wonderful time!

If you are interested in participating on our **School Improvement Team**, our next meeting is **Monday, March 23**rd **at 8:30 a.m.** in our media center. Please RSVP to <u>aaron tark@hcpss.org</u>

Our next school spirit day is Friday, March 20 – March Madness! Please wear an item of clothing that has a school name on it. It can be elementary, middle, high school, or college.

Ready to Learn PBIS Update:

The PBIS Committee is working on the plans for our next school wide celebration scheduled for April 10. This celebration is to acknowledge the efforts students have made with our 3R's and to create an opportunity for staff to build positive relationships with students whom they don't typically work with during the week. The committee is also working our PBIS Gold Award application. So far, things look amazing! Our next school spirit day is Friday, March 20 – March Madness! Please wear an item of clothing that has a school name on it. It can be elementary, middle, high school, or college.

Making Up Snow Days

The last day of school was originally scheduled for June 10 on the 2014-2015 school calendar, which reserved five additional days through June 17 for inclement weather makeup. As of today, all five of those makeup days have been used, plus three additional inclement weather days. Once the winter season has ended, the Board of Education will make a decision regarding the makeup of the additional missed days.

News from our Music Teacher, Mr. Umla!

Kindergarten students are exploring duration (long and short notes) in music. Students will be given opportunities to display movements to music that contains patterns of long and short notes and/or sounds. They will also play and compare classroom instruments, whose tone colors have long or short sounds, to accompany songs and chants An assessment will be administered on recognition of changes from longer notes to shorter notes and vice versa.

First grade students are studying musical form. Students will be given opportunities to move and listen to music that has AB or ABA patterns. An assessment on understanding musical form will be administered during this quarter.

Second grade students are demonstrating their understanding of three types of musical form. Students will be given opportunities to move and listen to music that has AB, ABA, or ABACA (rondo) patterns. An assessment on musical form will be administered during this quarter.

Third grade students are showing their understanding of improvisational techniques by performing simple melodic/rhythmic patterns in a call and response format. This assessment will be administered during this quarter.

Fourth grade students are showing their understanding of playing two-part music by individually performing simple rhythmic patterns against a simultaneous performance of simple rhythmic patterns played by Mr. Umla. A two-part music performance assessment will be administered during this quarter.

Fifth grade students are reading rhythms that are a combination of sixteenth notes and eighth notes. The eighth note followed by two sixteenth notes and two sixteenth notes followed by an eighth note are the rhythms on which we will be focusing. An assessment on reading rhythms will be administered during this quarter.
